### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The closest prior art to Geissler teaches the claimed compositions with the vinyl acetate copolymers as taught with the option of using hydrophilic monomers therein. The hydrophilic monomers, however, are taught as a possibility from among many different combinations of potential "other monomers" taught. The prior art does not recognize the improvement in characteristics of the claimed compositions with the use of the hydrophilic monomers. The specific proportion of these monomers in the claimed polymers and the unexpected improvements resulting from their use renders applicants' claims both novel and unobvious over the closest prior art as cited.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bernard Lipman whose telephone number is 571-272-1105. The examiner can normally be reached on 8-5 Mon-Fri.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu can be reached on 571-272-1114. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
